September 26, 2016, Dallas, TX. ChemicalInfo, providers of the most comprehensive online databases for chemical and pharmaceutical companies and those who do business with them, announces its annual sales agent conference to take place in Barcelona in conjunction with CPhI Worldwide, a gathering of 36,000 pharmaceutical professionals from around the world.

Company executives and its independent sales agents will meet at the Fairmont Rey Juan Carlos to discuss new product features, sales strategies and trends in global chemical procurement.

“Each year we look forward to the gathering our global, independent sales agents” said Ernie Cote, the company’s CEO. “Some of our agents have partnered with the company for over 20 years. They bring local expertise from each of their markets. The purpose is for us to train them, but we always learn a great deal from them!”

CPhI Worldwide, co-located event with ICSE, P-MEC, InnoPack and FDF 2016, enables networking with 36,000 pharmaceutical industry professionals from 150 countries. Show attendees source new suppliers, build relationships with existing partners and identify new business opportunities.
